EI2012 SYMPOSIUM DEMONSTRATION SESSION

The highly-successful, interactive, hands-on demonstration of electronic imaging related hardware, software, and display that took place in 2011 will again be held in 2012. The annual demonstration is open to all EI 2012 symposium attendees and commercial entities working in the realm of electronic imaging! The EI 2012 Demonstration Session represents a unique networking opportunity, a time when attendees can see the latest research in action, compare commercial products, ask questions of technically knowledgeable demonstrators, and even make purchasing decisions about a range of EI products. The Demonstration Session is scheduled to take place over a three hour period in conjunction with the Symposium Poster Session.

AUTHOR DEMONSTRATIONS: Space must be reserved for participation in the **2012 Electronic Imaging Demonstration Session**. All EI 2012 conference authors may request one complimentary half-table space to demonstrate hardware or software in support of their conference presentation; requests for space must include details on how the demonstration relates to the accepted paper. EI authors may upgrade their table to an 8 x 8-foot space at a cost of \$315 (\$415 after December 17, 2011). **All author requests must be received by December 17, 2011; requests received after that date will be subject to a \$100 fee.** Tables are not transferable and, while we will make very effort to accommodate all demonstrators, are subject to availability.

NON-AUTHOR DEMONSTRATIONS: Non-authors (or EI authors wishing to demonstrate a product not related to their presentation), including individuals, businesses, and companies, may purchase a half-table for \$340 or 8 x 8-foot space for \$440 by December 17, 2011, on a space-available basis. After that date, rates increase to \$540 and \$790, respectively (Please inquire about special exhibit/demonstration session rates.) Space is limited. Priority will be given to speakers and companies in support of technical presentations and assigned on a first come/first served basis. Late requests will be considered only if sufficient space is still available.

Please Note: A contract is required for participation and EI reserves the right to impose a no show fee of \$50 for authors and \$200 for non-authors, or those demonstrating as non-authors.

DEMONSTRATION POLICY INFORMATION

LIABILITY: Upon approval of this contract by an authorized Author/Non-Author, it is expressly understood that the Author/Non-Author has read and agreed to abide by the Society for Imaging Science and Technology, hereinafter referred to as IS&T; the Society of Photo-Optical Instrumentation Engineers, hereinafter referred to as SPIE liability policies outlined below.

IS&T/SPIE and all organizations and individuals who are employed by or associated with it, in connection with this Demonstration Session, will not assume responsibility and shall be held harmless by all Authors/Non-Authors for damage or loss resulting from fire, theft, or any other cause whatsoever, including accident or injury to Demonstrators, their employees and agents, the public, or others.
